Rocks n Rolls (as run by one of our clients)

Music wise the 1950's signalled a big change in music history. We slick our hair back and celebrate the 50's with a charter around the rocks doing all the classics. Peggy Sue, Bill Haley, Elvis, Jerry Lee Lewis and heaps more. We stop under the harbour bridge for a roll (both food and down the hill). This ones usually in 50's dress, so break out the leather.
